

PALM BEACH STRETCH CEILINGS

A CEILING DEFINES THE ROOM.

A visual introduction to ceilings, light and atmosphere.

MEMBRANES

MATTE

The ceiling is easy to overlook. It shapes everything beneath it.

A DIFFERENT MOOD

QUIET AND MINIMAL

A clean ceiling lets light, proportion and material lead.

MEMBRANES

HIGH GLOSS

Reflections give the room another dimension.

HIGH GLOSS

REFLECTIONS & CURVES

A reflective ceiling meets a sweeping luminous edge.

TWO TONE CEILINGS

LIGHT AND DARK

Two finishes, one considered composition.

LINEAR LIGHTING

FINE LINES

Thoughtfully placed light becomes part of the architecture.

LINEAR LIGHTING

A BROADER LINE

A confident gesture above the gathering place.

LINEAR LIGHTING

SEGMENTED LIGHT

Individual lines create a deliberate rhythm overhead.

LINEAR LIGHTING

FRAMED IN LIGHT

A simple outline defines the space.

NATURAL PATHWAYS

LIGHT THAT LEADS

An illuminated path draws you naturally through the home.

MAGNETIC TRACK

FOCUSED LIGHT

Direct attention to the details that matter.

RECESSED DOWNLIGHTS

TRIMMED

Small, refined fittings. A crisp, defined edge.

SQUARE / WHITE

SQUARE / BLACK

SQUARE / TWO TONE

ROUND / WHITE

ROUND / BLACK

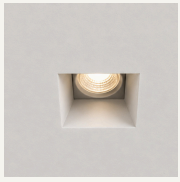

ROUND / TWO TONE

Illustrative options. Final fixture and ceiling integration selected for the project.

RECESSED DOWNLIGHTS

TRIMLESS

A quiet aperture, integrated into the ceiling plane.

SQUARE / WHITE

SQUARE / BLACK

ROUND / WHITE

ROUND / BLACK

Illustrative options. Final fixture and ceiling integration selected for the project.

RECESSED DOWNLIGHTS

MICRO

Tiny apertures. A discreet layer of focused light.

SQUARE / WHITE

SQUARE / BLACK

SQUARE / TWO TONE

ROUND / WHITE

ROUND / BLACK

ROUND / TWO TONE

Illustrative options. Final fixture and ceiling integration selected for the project.

RECESSED DOWNLIGHTS

LINEAR MICRO-OPTICS

A slim rectangular recess. A precise rhythm of small optics.

WHITE BLACK TWO TONE

Illustrative options. Final fixture and ceiling integration selected for the project.

COVE LIGHTING

A LUMINOUS PERIMETER

Soft edges change the atmosphere of a room.

CEILING GEOMETRY

SCULPTED CURVES

Flowing planes and concealed light give the room depth.

CURVED LINEAR LIGHT

LIGHT FOLLOWS FORM

A closer look at the profile behind a continuous curve.

CEILING GEOMETRY

FLOATING FORMS

Layered shapes bring dimension and a soft glow overhead.

LUMINOUS CEILINGS

A CEILING OF LIGHT

A broad, quiet glow becomes the room's defining surface.

PRINTED MEMBRANES

ART OVERHEAD

A flat membrane becomes a canvas for color and depth.

IMMERSIVE PRINT

AN IMMERSIVE ESCAPE

Printed imagery extends across ceiling and walls to surround the senses.

STARLIGHT

AFTER DARK

A quieter glow. A more immersive evening.

STARLIGHT

WHITE STARLIGHT

Subtle points of light above a soft white finish.

NICHE DETAILS

A CONCEALED EDGE

The smallest details can make the room feel complete.

A DIFFERENT MOOD

RICH AND INTIMATE

Warm light, deeper tones and a slower evening.

INVISIBLE AUDIO

SOUND, OUT OF SIGHT

Concealed Sonance speakers bring sound into the room while leaving finishes uninterrupted.

Outlines illustrate possible speaker locations, not visible grilles. Finish assembly and acoustic performance are coordinated with the AV integrator.

LUTRON SUNNATA

SCENES AT A TOUCH

A single touch recalls a lighting scene: welcome, dining, entertaining or a quiet evening.

Product concept visualization. Scenes and compatible lighting are configured within the selected Lutron system.

LUTRON

FINISHES THAT BELONG

Choose controls that complement the room.

SCENE CONTROL

Personalized settings, recalled at a touch.

FINISH CHOICES

Gloss and satin options.

TENSALUME™

LIGHT IN PERFECT TENSION

LIGHT IN CURVES

A custom light form gives the room its signature.

TENSALUME™

LIGHT IN PERFECT TENSION

A SOFTER GEOMETRY

A luminous form becomes a focal point.

TENSALUME™

LIGHT IN PERFECT TENSION

LIGHT FOR EVERYDAY SPACES

Rectangular light boxes for garages, studios and showrooms.

YOUR ROOM

WHAT FEELS LIKE YOU?

Save your favorite pages for our conversation.

Membrane finish. Light geometry. Atmosphere. Technology.

Visualizations show design possibilities. Final materials, construction and technology are selected for your project.
